Subject: Synlait Milk Ltd - Submission on NPS For Highly Productive Land

Hello,

Synlait Milk Ltd wishes to submit on the NPS for Highly Productive Land.

The submission has been finalised, however due to staff being on leave, it is not able to be 'signed off' formally until later this week.

For this reason, the submission will not likely be lodged by 5pm on 10 October.

We trust that MPI / MFE are open to receiving a late submission from us.

Please let me know if there are any issues with this.

Regards,
Penny
