Further Advice on AHO Approval and Listing under the Notice

- Halal Certification Bodies are required by the Notices to meet specific approval criteria in order to be approved as an AHO in New Zealand. The Halal Certification Bodies in the table above have met all of the criteria.

- Once approved, an AHO can carry out halal certification and verification services for product intended for export to any countries other than those specified in Annex 1 of the Notices.
- In order to be able to carry out halal certification and verification services for product intended for export to countries in Annex 1 of the Notices, the AHO must additionally be specifically listed for those countries. Listing for those countries is subject to the AHO meeting the listing criteria specified in the Notices.
- Each AHO in Column 1 of the table above has met the criteria to be listed for Annex 1 countries in corresponding Column 3.

Schedule B: Approved Halal Organisations with CONDITIONAL APPROVAL under the Notices

The following organisations have been conditionally approved as Approved Halal Organisations pursuant to clause 6.2.4 of the Halal Notices[4]. Conditional approval means the following:

- The AHO may offer and carry out halal services in relation to animal products intended for export to countries specifically listed in the following table.
- The AHO meets all the approval criteria in the Notices but has not yet obtained accreditation to ISO17065 for the New Zealand Export Halal Scheme and must obtain that accreditation before the expiry date of their listing.
