Further Advice on AHO Approval and Listing under the Notice

- Halal Certification Bodies are required by the Notices to meet specific approval criteria in order to be approved as an AHO in New Zealand. The Halal Certification Bodies in the table above have met all of the criteria.
- Once approved, an AHO can carry out halal certification and verification services for product intended for export to any countries other than those specified in Annex 1 of the Notices.
- In order to be able to carry out halal certification and verification services for product intended for export to countries in Annex 1 of the Notices, the AHO must additionally be specifically listed for those countries. Listing for those countries is subject to the AHO meeting the listing criteria specified in the Notices.
- Each AHO in Column 1 of the table above has met the criteria to be listed for Annex 1 countries in corresponding Column 3.

Schedule B: Approved Halal Organisations with CONDITIONAL APPROVAL under the Notices

The following organisations have been conditionally approved as Approved Halal Organisations pursuant to clause 6.2.4 of the Halal Notices⁴. Conditional approval means the following:

- The AHO may offer and carry out halal services in relation to animal products intended for export to countries OTHER THAN those specified in Annex 1 of the Notices; and
- The AHO meets all the approval criteria in the Notices but has not yet obtained accreditation to ISO17065 for the New Zealand Export Halal Scheme and must obtain that accreditation within 12 months.

Schedule C: Specific Approval for Halal Certification to Markets not specified in Annex 1 of the Notices⁵

The following AHOs have been specifically approved by the relevant halal authorities in the markets for which they are listed to certify the animal product types for which they are listed. Such countries are not listed in Annex 1 of the Notices (i.e. are not traditional halal markets) but have their own halal approval system for halal certification bodies certifying halal exports to them.

⁵ The New Zealand Halal Export Assurance Framework is established under the Animal Products Notice: General Export Requirements for Halal Animal Material and Halal Animal Products and the Animal Products Notice: General Export Requirements for Halal Dairy Material and Halal Dairy Products.

⁶ MPI has received confirmation that FIANZ, HCS and NZIDT are approved by Majlis Ugama Islam Singapura (MUIS) the religious authority of Singapore. Halal export certification from a MUIS-approved AHO is only required for meat and poultry products sold to MUIS-certified establishments within Singapore.

Schedule D: Supplementary Information - Halal certifiers for food products outside the scope of the Notices specifically approved by one or more markets

The following AHOs have been approved by the relevant halal authorities in the markets for which they are listed, to certify food products that are outside the scope of the Notices (i.e. food products other than dairy, red meat and poultry) for which they are listed.
