

Prioritisation of Plant Germplasm Import Health Standard requests 2016 – 17

This table outlines the prioritisation scores for requests to complete new or reviews of Import Health Standards (IHS) for propagative plant material, such as nursery stock and seed for sowing. These requests cover those received prior to 1 July 2016 made by industry stakeholders only, and not overseas country authorities.

For more information and to request a new IHS or IHS review, please contact MPI's Plant Imports team: plantimports@mpi.govt.nz

Commodity	Countries	Number of requests	Year/s requested	Score (out of 400)	Scheduled
Actinidia (tissue culture)	All countries	3	2012; IHS suspended September 2013	270	2017/18
Alstroemeria T/C	South Africa	1	July 2010	100	
Capsicum Nursery Stock	All countries	4	Late 2012/ early 2013, early 2015, April 2016	120	
Citrus (budwood and TC)	All countries	1	2009 / 2010	Carried over from previous work programme	2016/17
Citrus (rootstocks/seed for sowing)	All countries	1	2012		2017/18
Corylus (Hazelnut)	All countries	1	October 2008	120	
Geranium nursery stock	South Africa	1	October 2013	120	
Humulus (Hops)	All countries	3	Mid 2013, November 2013, June 2014	230	2016/17
Ipomoea (Sweet Potato)	TC from Japan	1	November 2012	150	
Juglans (Walnut)	All countries	1	October 2008	100	
Actinidia (pollen for artificial pollination)	All countries	1	September 2012	120	
Maize (Seed)	Turkey, Spain, Italy, Romania	2	2011/12	50	
Miscanthus pellets	Canada & USA	1	July 2013	110	
Persea (Avocado); review of pest list and requirements	All countries	2	August 2014, and 2011 / 2012	210	2016/17

Commodity	Countries	Number of requests	Year/s requested	Score (out of 400)	Scheduled
Pyrus (dormant cuttings and tissue culture)	All countries	2	November 2013 - Note this also relates to approvals for WSU, CTIFL, and CAV	150	2017/18
Ribes	All countries	2	October 2013 - Formal request for <i>Ribes nigrum</i> budwood	270	2017/18
Ribes - (seed) review the PEO requirements	All countries	1	March 2012	100	
Rubus - equivalence request for whole plants	All countries	1	Late 2012	100	
Vitis (germplasm - seed, tissue culture, dormant cuttings, pollen for breeding purposes)	All countries	1	No formal request received	190	
Margot Forde Germplasm Centre - Medicago seed	All countries	1	July 2014	230	
Small samples of seed for testing, research and analysis (incl. Propagation)	All countries	2	July 2013	270	2016/17
Ornithogalum (Arum schedule)	All countries	1	2012	100	
Vaccinium macrocarpon (cranberry) plus accreditation of Rutgers University	All countries	1	March 2016	190	2016/17
Convallaria majalis (lily of the valley)	Germany	1	April 2016	Not yet assessed	
Olea nursery stock	All countries	1	May 2016	140	
Rheum (rhubarb) tissue culture	United Kingdom, Netherlands, China	1	September 2016	Not yet assessed	
Pelargonium (accreditation of Elsner Pac)	Germany	1	December 2016	Not yet assessed	2017
Wheat seed	Kenya	1	February 2017	Not yet assessed
