

# ALERT – TAU FLY

Ministry for Primary Industries  
Manatū Ahu Matua

A Tau fly has been found in the Auckland suburb of Manurewa. MPI has set up a Controlled Area around the find divided into two zones – Zone A (out 200 metres) and Zone B (out 1.5 km).

The Controlled Area affects the movement of some fresh fruit and vegetables.

Controlled Area

**YES** can leave zone

**NO** cannot leave zone

Pumpkins, melons, cucumbers, eggplant,  
capsicum, zucchini, beans, passionfruit,  
mangoes and papaya

Visit [www.mpi.govt.nz/tau-fly](http://www.mpi.govt.nz/tau-fly) for maps and information.
