My apologies, I wasn't sure if it had already been assigned a number.
It is an amendment to AK907.

Cheers,

Hi guys,

Following on from s 9(2) inspection last week, I have just completed an inspection today of the Kaihu Kauri consignment due to be exported on the 14th.
I was satisfied that the table tops where in a finished form and that the stumps I observed fit within the approved criteria.

Find attached the ITE form with source confirmed ready for AQ processing.
