

# IMPORT HEALTH STANDARD FOR THE IMPORTATION INTO NEW ZEALAND OF LARD, RENDERED FATS AND OILS, AND FISH OIL NOT FOR HUMAN CONSUMPTION FROM THE EUROPEAN COMMUNITY

**ANNEX A ASSIGNED NUMBERS (AN): 17.1, 17.2, 17.3**

**Issued pursuant to Section 22 of the Biosecurity Act 1993**

**Dated: 11 October 2004**

## **Important information for importers and MPI Border**

### **22 September 2022**

This import health standard (IHS) now only applies only to products derived from non-ruminant species.

For importing ruminant (goat, sheep, beef and deer) meat and meat products, see

[IHS: Ruminant Meat and Meat Products, RUMNPROD.GEN](#)

### **19 July 2017**

Pursuant to section 27(1)(d)(iii) of the Biosecurity Act 1993, zoosanitary certificates can be accepted from European Union countries where Regulation (EC) No 1069/2009 is referenced, in place of Regulation (EC) No 1774/2002, in the *Health Attestation or Additional Declaration/ Guarantees* section in the zoosanitary certificates.

### **5 April 2017**

Under CTO Direction **CTO 2017 022 [B]**, products sourced from non-EU countries no longer require the additional declarations included in the Eligibility section of this IHS to be on the zoosanitary certificate.

Copies of the original “import” certificate of the non-EU country are also no longer required.

### **8 October 2014**

Pursuant to section 27(1)(d)(iii) of the Biosecurity Act 1993, Chief Technical Officer Direction **CTO 2014 138 [B]**

The certificate validity statement – ‘This certificate is valid for 4 months from the date of issue (unless revoked)’ is no longer required.

## **USER GUIDE**

The information in MAF animal and animal product import health standards is presented in numerically ordered sections with descriptive titles. Sections are grouped into one of four parts, designated alphabetically.

Part A. GENERAL INFORMATION contains sections of general interest, including those relating to the legal basis for MAF import health standards and the general responsibilities of every importer of animals and animal products.

Part B. IMPORTATION PROCEDURE contains sections that outline the requirements to be met prior to and during importation. Whether a permit to import is required to be obtained prior to importation is noted, as are conditions of eligibility, transport and general conditions relating to documentation accompanying the consignment.

Part C. CLEARANCE PROCEDURE contains sections describing the requirements to be met at the New Zealand border and, if necessary, in a transitional facility in New Zealand prior to any consignment being given biosecurity clearance.

Part D. ZOOSANITARY CERTIFICATION contains model health certification which must be completed by the appropriate personnel as indicated in the certification and accompany the consignment to New Zealand.

## **PART A. GENERAL INFORMATION**

### **1. IMPORT HEALTH STANDARD**

- 1.1 Pursuant to section 22 of the Biosecurity Act 1993, this document is the import health standard for the importation into New Zealand of lard, rendered fats and oils, and fish oil not for human consumption from the European Community.
- 1.2 Obtaining biosecurity clearance for each consignment of lard, rendered fats and oils, and fish oil not for human consumption from the European Community is dependent on the consignment meeting the requirements of this import health standard.
- 1.3 This import health standard may be reviewed, amended or revoked if there are changes in New Zealand's import policy, or the animal health status of the originating country, or for any other lawful reason, at the discretion of the Director Animal Biosecurity.

### **2. IMPORTER'S RESPONSIBILITIES**

- 2.1 The feeding of ruminant protein (e.g. rendered protein derived from cattle, sheep, goats, deer, alpacas) in any form, composition or admixture to ruminants (e.g. cattle, sheep, goats, deer, alpacas) is prohibited under the Biosecurity (Ruminant Protein) Regulations 1999. A copy of the Regulations can be obtained from the website:  
**[www.legislation.govt.nz](http://www.legislation.govt.nz)**
- 2.2 Products containing ruminant protein, or any material from premises that render, produce or utilise ruminant protein, must not be sent for further processing to any premises where feed suitable for ruminants is produced under the Biosecurity (Ruminant Protein) Regulations 1999.
- 2.3 Consignments containing ruminant protein, or any material from premises that render, produce or utilise ruminant protein, must be labelled in accordance with clause 14(c)(ii) of the Biosecurity (Ruminant Protein) Regulations 1999.

- 2.4 The costs of MAF in performing functions relating to the importation of inedible lard and rendered fats (derived from cattle, goats, horses, sheep, pigs and deer) shall be recovered in accordance with the Biosecurity Act and any regulations made under that Act.
- 2.5 All costs involved with documentation, transport, storage and obtaining a biosecurity direction and/or biosecurity clearance shall be borne by the importer or agent.
- 2.6 Once the consignment has been given biosecurity clearance into New Zealand, it is the importer's responsibility to ensure (where relevant) that the consignment complies with the Animal Products Act 1999, especially if it is returned New Zealand product, product entering operations also used for the export of animal products, or if it is to be re-exported. Information about these requirements can be obtained from the New Zealand Food Safety Authority (NZFSA) website:  
**[www.nzfsa.govt.nz/animalproducts/publications/omar/01-172.htm](http://www.nzfsa.govt.nz/animalproducts/publications/omar/01-172.htm)**  
or by contacting the local NZFSA Verification Agency office. Certification and other official assurance requirements which may be applicable are accessible at:  
**[www.nzfsa.govt.nz/animalproducts/publications/manualsguides/oap/index.htm](http://www.nzfsa.govt.nz/animalproducts/publications/manualsguides/oap/index.htm)**

### **3. DEFINITION OF TERMS**

#### **72/461/EEC**

Council Directive 72/461/EEC of 12 December 1972 on health problems affecting intra-Community trade in fresh meat.

#### **97/132/EC**

Council Decision 97/132/EC of 17 December 1996 on the conclusion of the Agreement between the European Community and New Zealand on sanitary measures applicable to trade in live animals and animal products.

#### **2000/766/EC: Council Decision**

2000/766/EC: Council Decision of 4 December 2000 concerning certain protection measures with regard to transmissible spongiform encephalopathies and the feeding of animal protein

#### **Regulation (EC) No 999/2001**

Regulation (EC) No 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies.

#### **Regulation (EC) No 1774/2002**

Regulation (EC) No 1774/2002 of the European Parliament and of the Council of 3 October 2002 laying down health rules concerning animal by-products not intended for human consumption.

#### **Biosecurity clearance**

A clearance under section 26 of the Biosecurity Act 1993 for the entry of goods into New Zealand

**Director Animal Biosecurity**

The Director Animal Biosecurity, New Zealand Ministry of Agriculture and Forestry, or any person who for the time being may lawfully exercise and perform the power and functions of the Director Animal Biosecurity.

**European Community**

Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, The Netherlands and United Kingdom.

**Lards**

Includes lards/fats that have not gone through a rendering process, but which have undergone some form of heat treatment. Please note that raw fats are considered to be “meat” and are not covered under this import health standard.

**MAF**

The New Zealand Ministry of Agriculture and Forestry

**New Zealand Inspector**

A person who is appointed an inspector under section 103 of the Biosecurity Act 1993

**Official Veterinarian**

A veterinarian authorised by the National Veterinary Competent Authority of the country to perform animal health and/or public health inspections of commodities and, when appropriate, perform certification in conformity with the provisions of the chapter of the OIE Code pertaining to principles of certification and Council Directive 96/93/EC.

**Rendered fats**

Includes tallows/fats that have gone through a rendering process.

**PART B. IMPORTATION PROCEDURE****4. PERMIT TO IMPORT**

4.1 A permit to import is not required.

**5. ELIGIBILITY**

5.1 Products eligible for entry under this import health standard include rendered fats and oils derived from cattle, sheep, goats, deer, horses and swine; lards derived from porcine; and fish oils.

5.2 For lard, rendered fats and oils, and fish oil not for human consumption which have been imported into the European Community from a third country and are subsequently destined for export to New Zealand, the following requirements must be met:

5.2.1 In each case, the product must originate from a third country eligible to export inedible lard and rendered fats directly to New Zealand i.e. Australia, Canada and United States of America.

5.2.2 The following additional declaration shall be included on the model health certificate (see PART D. ZOOSANITARY CERTIFICATION):

“The product described herein was derived/partly derived from product which:

- i. was imported into the European Community from  
.....  
(Country/countries of origin)
- ii. was further stored, handled, processed, wrapped, and/or packaged in an establishment which is eligible to process product for intra-Community trade,
- iii. is the subject of an existing import health standard between New Zealand and the third country/countries where the product originated (see clause 5.2.1),
- iv. originated in a third country/countries and establishment(s) listed by the European Community and is eligible for export to the European Community.”

5.2.3 A copy of the original “import” certificate (i.e. certificate(s) used to import the product into the European Community) is to be attached to the signed Member State health certificate (see PART D. ZOOSANITARY CERTIFICATE). This copy is to be endorsed “certified copy of original” and signed by the certifying officer.

## **6. DOCUMENTATION ACCOMPANYING THE CONSIGNMENT**

- 6.1 The consignment shall be accompanied by appropriately completed health certification which meets the requirements of PART D. ZOOSANITARY CERTIFICATION.
- 6.2 Documentation shall be in English, but may be bilingual (language of exporting country/English).
- 6.3 It is the importer’s responsibility to ensure that any documentation presented in accordance with the requirements of this import health standard is original (unless otherwise specified) and clearly legible. Failure to do so may result in delays in obtaining biosecurity direction and/or clearance or rejection of consignments.

## **PART C. CLEARANCE PROCEDURE**

### **7. BIOSECURITY CLEARANCE**

- 7.1 Upon arrival in New Zealand the documentation accompanying the consignment shall be inspected by an Inspector at the port of arrival.
- 7.2 Providing that the documentation meets all requirements noted under PART D: ZOOSANITARY CERTIFICATION and the consignment meets the conditions of ELIGIBILITY, the consignment may, as appropriate, be given a biosecurity clearance pursuant to section 26 of the Biosecurity Act 1993 or biosecurity direction pursuant to section 25 of the Biosecurity Act 1993.

## **PART D. ZOOSANITARY CERTIFICATION**

### **8. NEGOTIATED EXPORT CERTIFICATION**

- 8.1 The following Model Zoosanitary Certificate contains the information required by MAF to accompany imports of lard, rendered fats and oils, and fish oil not for human consumption from the European Community:

**9. ANIMAL HEALTH CERTIFICATE FOR LARD, RENDERED FATS AND OILS, AND FISH OIL NOT FOR HUMAN CONSUMPTION FROM THE EUROPEAN COMMUNITY – ANNEX A ASSIGNED NUMBERS (AN): 17.1, 17.2, 17.3**

**AN Number and Name of Animal Product:** .....

**Certificate Number:** .....

**Exporting Member State:** .....

**Competent Ministry of Exporting Member State:** .....

**I. Identification of Product**

Number of packages: .....

Nature of packaging: .....

Nature of the goods: .....

Species product derived from: .....

Net weight in kilograms (kg): .....

Number of the container(s) and container seal number(s): .....

Production date(s): .....

**II. Origin of Product**

Name and official approval number(s) of establishment(s): .....

Product derived from animals born and reared .....  
(List applicable countries / Member States)

**III. Consignment Information**

Place of loading: .....

Name and address of consignor: .....

.....

Name and address of consignee: .....

.....

**Port of Disembarkation:** .....

**Country of Final Destination:** NEW ZEALAND

**IV. Health Attestation**

I the undersigned hereby certify that:

The animal products herein described, comply with the relevant European Community animal health/public health standards and requirements which have been recognised as equivalent to New Zealand standards and requirements as prescribed in Council Decision 97/132/EC, as last amended specifically, in accordance with:

- For rendered fats and oils (derived from cattle, goats, horses, sheep, pigs and deer): Council Directive 72/461/EEC, Council Decision 2000/766/EC, Regulation (EC) No 999/2001 and Regulation (EC) No 1774/2002.
- For lards (derived from porcine): Council Directive 72/461/EEC, and Regulation (EC) No 1774/2002.
- For fish oils: Regulation (EC) No 1774/2002.

(Delete clauses that are not applicable)

**V. Additional Declarations/Guarantees:**

I the undersigned hereby certify that the animal product is eligible for intra-community trade without restriction.

I the undersigned hereby certify that this product does not contain and is not derived from bovine, ovine and caprine materials other than those derived from animals born, continuously reared and slaughtered in the European Union and which has been produced in full compliance with Regulations of the European Parliament and the Council (EC) No 999/2001 and (EC) No 1774/2002 as applicable.

I the undersigned hereby certify that for products containing porcine tissues or materials derived from wild pigs, the products herein described were derived from areas free from classical swine fever in the feral porcine population for the preceding 60 days.

(Delete clauses that are not applicable)

**VI. This certificate is valid for 4 months from the date of issue (unless revoked)**
