

IMPORT HEALTH STANDARD FOR THE IMPORTATION INTO NEW ZEALAND OF LARD AND RENDERED FATS FOR HUMAN CONSUMPTION FROM THE EUROPEAN COMMUNITY

ANNEX A ASSIGNED NUMBERS (AN): 7E.1, 7E.2, 7E.3, 7E.4, 7E.5

Issued pursuant to Section 22 of the Biosecurity Act 1993

Dated: 13 October 2004

Important information for importers and MPI Border

22 September 2022

This import health standard (IHS) now only applies only to products derived from non-ruminant species.

For importing ruminant (goat, sheep, beef and deer) meat and meat products, see [IHS: Ruminant Meat and Meat Products, RUMNPROD.GEN](#)

19 July 2017

Pursuant to section 27(1)(d)(iii) of the Biosecurity Act 1993, zoosanitary certificates can be accepted from European Union countries where Regulation (EC) No 1069/2009 is referenced, in place of Regulation (EC) No 1774/2002, in the *Health Attestation or Additional Declaration/ Guarantees* section in the zoosanitary certificates.

5 April 2017

Under CTO Direction **CTO 2017 022 [B]**, products sourced from non-EU countries no longer require the additional declarations included in the Eligibility section of this IHS to be on the zoosanitary certificate.

Copies of the original “import” certificate of the non-EU country are also no longer required.

8 October 2014

Pursuant to section 27(1)(d)(iii) of the Biosecurity Act 1993, Chief Technical Officer Direction **CTO 2014 138 [B]**

The certificate validity statement – ‘This certificate is valid for 4 months from the date of issue (unless revoked)’ is no longer required.

USER GUIDE

The information in MAF animal and animal product import health standards is presented in numerically ordered sections with descriptive titles. Sections are grouped into one of four parts, designated alphabetically.

Part A. GENERAL INFORMATION contains sections of general interest, including those relating to the legal basis for MAF import health standards and the general responsibilities of

every importer of animals and animal products.

Part B. IMPORTATION PROCEDURE contains sections that outline the requirements to be met prior to and during importation. Whether a permit to import is required to be obtained prior to importation is noted, as are conditions of eligibility, transport and general conditions relating to documentation accompanying the consignment.

Part C. CLEARANCE PROCEDURE contains sections describing the requirements to be met at the New Zealand border and, if necessary, in a transitional facility in New Zealand prior to any consignment being given biosecurity clearance.

Part D. ZOOSANITARY CERTIFICATION contains model health certification which must be completed by the appropriate personnel as indicated in the certification and accompany the consignment to New Zealand.

PART A. GENERAL INFORMATION

1. IMPORT HEALTH STANDARD

- 1.1 Pursuant to section 22 of the Biosecurity Act 1993, this document is the import health standard for the importation into New Zealand of lard and rendered fats for human consumption from the European Community.
- 1.2 Obtaining biosecurity clearance for each consignment of lard and rendered fats for human consumption from the European Community is dependent on the consignment meeting the requirements of this import health standard.
- 1.3 This import health standard may be reviewed, amended or revoked if there are changes in New Zealand's import policy, or the animal health status of the originating country, or for any other lawful reason, at the discretion of the Director Animal Biosecurity.

2. IMPORTER'S RESPONSIBILITIES

- 2.1 The costs of MAF in performing functions relating to the importation of lard and rendered fats for human consumption shall be recovered in accordance with the Biosecurity Act and any regulations made under that Act.
- 2.2 All costs involved with documentation, transport, storage and obtaining a biosecurity direction and/or biosecurity clearance shall be borne by the importer or agent.
- 2.3 Commercial consignments of products imported into New Zealand for human consumption in New Zealand must comply with the Food Act 1981. These requirements are independent of the import health standard requirements and are managed by the New Zealand Food Safety Authority (NZFSA). Importers are advised to contact the NZFSA or consult the NZFSA website: www.nzfsa.govt.nz/imported-food/index.htm
- 2.4 Once the consignment has been given biosecurity clearance into New Zealand, it is the importer's responsibility to ensure (where relevant) that the consignment complies with the Animal Products Act 1999, especially if it is returned New Zealand product, product

entering operations also used for the export of animal products, or if it is to be re-exported. Information about these requirements can be obtained from the New Zealand Food Safety Authority (NZFSA) website:

www.nzfsa.govt.nz/animalproducts/publications/omar/01-172.htm

or by contacting the local NZFSA Verification Agency office. Certification and other official assurance requirements which may be applicable are accessible at:

www.nzfsa.govt.nz/animalproducts/publications/manualsguides/oap/index.htm

3. DEFINITION OF TERMS

64/432/EEC

Council Directive 64/432/EEC of 26 June 1964 on animal health problems affecting intra-Community trade in bovine animals and swine.

72/461/EEC

Council Directive 72/461/EEC of 12 December 1972 on health problems affecting intra-Community trade in fresh meat.

77/99/EEC

Council Directive 77/99/EEC of 21 December 1976 on health problems affecting intra-Community trade in meat products.

80/215/EEC

Council Directive 80/215/EEC of 22 January 1980 on animal health problems affecting intra-Community trade in meat products.

91/494/EEC

Council Directive 91/494/EEC of 26 June 1991 on animal health conditions governing intra-Community trade in and imports from third countries of fresh poultrymeat

91/495/EEC

Council Directive 91/495/EEC of 27 November 1990 concerning public health problems affecting the production and placing on the market of rabbit meat and farmed game meat.

92/45/EEC

Council Directive 92/45/EEC of 16 June 1992 on public health and animal health problems relating to the killing of wild game and the placing on the market of wild-game meat.

92/118/EEC

Council Directive 92/118/EEC of 17 December 1992 laying down animal health and public health requirements governing trade in and imports into the Community of products not subject to the said requirements laid down in specific Community rules referred to in Annex A (I) to Directive 89/662/EEC and, as regards pathogens, to Directive 90/425/EEC.

97/132/EC

Council Decision 97/132/EC of 17 December 1996 on the conclusion of the Agreement between the European Community and New Zealand on sanitary measures applicable to trade in live animals and animal products.

2002/99/EC

Council Directive 2002/99/EC of 16 December 2002 laying down the animal health rules governing the production, processing, distribution and introduction of products of animal origin for human consumption

Regulation (EC) No 999/2001

Regulation (EC) No 999/2001 of the European Parliament and of the Council of 22 May 2001 laying down rules for the prevention, control and eradication of certain transmissible spongiform encephalopathies.

Biosecurity clearance

A clearance under section 26 of the Biosecurity Act 1993 for the entry of goods into New Zealand

Director Animal Biosecurity

The Director Animal Biosecurity, New Zealand Ministry of Agriculture and Forestry, or any person who for the time being may lawfully exercise and perform the power and functions of the Director Animal Biosecurity.

European Community

Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Poland, Portugal, Slovakia, Slovenia, Spain, Sweden, The Netherlands and United Kingdom.

Fo3 heat treatment

Fo3 is a processing standard equating to 121 degrees Celsius for 3 minutes

Lards

Includes lards/fats that have not gone through a rendering process, but which have undergone some form of heat treatment. Please note that raw fats are considered to be “meat” and are not covered under this import health standard. They are covered under separate import health standards for meat of the species concerned.

MAF

The New Zealand Ministry of Agriculture and Forestry

New Zealand Inspector

A person who is appointed an inspector under section 103 of the Biosecurity Act 1993

Official Veterinarian

A veterinarian authorised by the National Veterinary Competent Authority of the country to perform animal health and/or public health inspections of commodities and, when appropriate, perform certification in conformity with the provisions of the chapter of the OIE Code pertaining to principles of certification and Council Directive 96/93/EC.

Rendered fats

Includes tallows/fats that have gone through a rendering process.

PART B. IMPORTATION PROCEDURE

4. PERMIT TO IMPORT

- 4.1 A permit to import is not required.

5. ELIGIBILITY

- 5.1 All lard and rendered fats derived from fresh poultry meat and from farmed game (feathered species) must be heat treated to Fo3 and be shelf stable.
- 5.2 For lard and rendered fats which have been imported into the European Community from a third country and are subsequently destined for export to New Zealand, the following requirements must be met:
- 5.2.1 In each case, the product must originate from a third country eligible to export lard and rendered fats directly to New Zealand i.e. Australia, Canada and United States of America.
- 5.2.2 The following additional declaration shall be included on the model health certificate (see PART D. ZOOSANITARY CERTIFICATION):
- i. “The product described herein was derived/partly derived from product which: was imported into the European Community from
(Country/countries of origin)
- ii. was further stored, handled, processed, wrapped, and/or packaged in an establishment which is eligible to process product for intra-Community trade,
- iii. is the subject of an existing import health standard between New Zealand and the third country/countries where the product originated (see clause 5.2.1),
- iv. originated in a third country/countries and establishment(s) listed by the European Community and is eligible for export to the European Community.”
- 5.2.3 A copy of the original “import” certificate (i.e. certificate(s) used to import the product into the European Community) is to be attached to the signed Member State health certificate (see PART D. ZOOSANITARY CERTIFICATE). This copy is to be endorsed “certified copy of original” and signed by the certifying officer.

6. DOCUMENTATION ACCOMPANYING THE CONSIGNMENT

- 6.1 The consignment shall be accompanied by appropriately completed health certification which meets the requirements of PART D. ZOOSANITARY CERTIFICATION.
- 6.2 Documentation shall be in English, but may be bilingual (language of exporting country/English).

- 6.3 It is the importer's responsibility to ensure that any documentation presented in accordance with the requirements of this import health standard is original (unless otherwise specified) and clearly legible. Failure to do so may result in delays in obtaining biosecurity direction and/or clearance or rejection of consignments.

PART C. CLEARANCE PROCEDURE

7. BIOSECURITY CLEARANCE

- 7.1 Upon arrival in New Zealand the documentation accompanying the consignment shall be inspected by an Inspector at the port of arrival.
- 7.2 Providing that the documentation meets all requirements noted under PART D: ZOOSANITARY CERTIFICATION and the consignment meets the conditions of ELIGIBILITY, the consignment may, as appropriate, be given a biosecurity clearance pursuant to section 26 of the Biosecurity Act 1993 or biosecurity direction pursuant to section 25 of the Biosecurity Act 1993.

PART D. ZOOSANITARY CERTIFICATION

8. NEGOTIATED EXPORT CERTIFICATION

- 8.1 The following Model Zoosanitary Certificate contains the information required by MAF to accompany imports of lard and rendered fats for human consumption into New Zealand from the European Community

9. ANIMAL AND PUBLIC HEALTH CERTIFICATE FOR LARD AND RENDERED FATS FOR HUMAN CONSUMPTION – ANNEX A ASSIGNED NUMBERS (AN): 7E.1, 7E.2, 7E.3, 7E.4, 7E.5

AN Number and Name of Animal Product:

Certificate Number:

Exporting Member State:

Competent Ministry of Exporting Member State:

I. Identification of Product

Number of packages:

Nature of packaging:

Nature of the goods:

Species product derived from:

Net weight in kilograms (kg):

Number of the container(s) and container seal number(s):

Production date(s):

II. Origin of Product

Name and official approval number(s) of establishment(s):

Product derived from animals born and reared
(List applicable countries / Member States)

III. Consignment Information

Place of loading:

Name and address of consignor:

.....

Name and address of consignee:

.....

Port of Disembarkation:

Country of Final Destination: NEW ZEALAND

IV. Health Attestation

I the undersigned hereby certify that:

The animal products herein described, comply with the relevant European Community animal health/public health standards and requirements which have been recognised as equivalent to the New Zealand standards and requirements as prescribed in Council Decision 97/132/EC, as last amended, specifically, in accordance with:

- For lard and rendered fats from domestic cattle, sheep, goats and pigs: Council Directive 64/432/EC, Council Directive 72/461/EC, Council Directive 77/99/EEC, Council Directive 80/215/EEC, Council Directive 92/118/EEC, Regulation (EC) No 999/2001 and Council Directive 2002/99/EC.
- For lard and rendered fats from domestic horses: Council Directive 72/461/EC, Council Directive 77/99/EEC, Council Directive 80/215/EEC, Council Directive 92/118/EEC, Regulation (EC) No 999/2001 and Council Directive 2002/99/EC.
- For lard and rendered fats from farmed game (wild boar and deer): Council Directive 77/99/EEC, Council Directive 91/495/EEC, Council Directive 92/118/EEC, Regulation (EC) No 999/2001 and Council Directive 2002/99/EC.
- For lard and rendered fats from wild game (wild boar and deer): Council Directive 77/99/EEC, Council Directive 92/45/EEC, Council Directive 92/118/EEC, Regulation (EC) No 999/2001 and Council Directive 2002/99/EC.
- For fresh meat from poultry: Council Directive 77/99/EEC, Council Directive 91/494/EEC, Council Directive 92/118/EEC and Council Directive 2002/99/EC.
- For farmed game (feathered): Council Directive 77/99/EEC, Council Directive 91/495/EEC, Council Directive 92/118/EEC and Council Directive 2002/99/EC.

(Delete clauses that are not applicable)

V. Additional Declarations/Guarantees:

I the undersigned hereby certify that the animal product is eligible for intra-community trade without restriction.

I the undersigned hereby certify that this product does not contain and is not derived from bovine, ovine and caprine materials other than those derived from animals born, continuously reared and slaughtered in the European Union and which has been produced in full compliance with Regulations of the European Parliament and the Council (EC) No 999/2001 and (EC) No 1774/2002 as applicable.

I the undersigned hereby certify that the products containing porcine tissues or materials derived from wild pigs, the products herein described were derived from areas free from classical swine fever in the feral porcine population for the preceding 60 days.

I the undersigned hereby certify that the products containing lard and rendered fats derived from fresh poultry meat and from farmed game (feathered species) have been heat treated to Fo3 and shelf stable.

VI. This certificate is valid for 4 months from the date of issue (unless revoked)
