

National Microbiological Database Demographics

Bovine

Please send completed demographic forms or questions by e-mail to nmd@mpi.govt.nz

1. Premises Information

Licence/Registration Number:

Premises Name:

Physical Address:

Postal Address (if different):

Throughput:

Standard Throughput
Very Low Throughput
(VLT)

Plant Capability:

Slaughter/Dressing
Further Processing

Trade Type:

Domestic
US Listed
China Listed

2. Personnel Information

Plant Manager (Required):

Contact Number(s):

E-mail:

NMD Controller (Required):

Contact Number(s):

E-mail:

Deputy NMD Controller:

Contact Number(s):

E-mail:

Other Deputy NMD
Controllers:

Veterinary
Technical
Supervisor:

3. Laboratory Information

NMD Laboratory Name:

Lab Contact:

Contact Number(s):

E-mail:

4. Process Information

Chain: Cold/warm bone Hot bone

Dehiding System: Upwards pull Downwards pull

Evisceration System: Table Gut buggy

Boning: Table Rail

Throughput (carcasses/hour):

Peak: Off-peak:

Lairage time (usual):

Describe the pre-slaughter wash protocol employed:

Describe the stimulation system employed:

Describe the hind legging (in particular the number of leggers):

Describe any other procedures specific to your process that you think may favourably or adversely affect microbiological contamination of the carcass:

Other comments:

5. Information Verification

Information verified and approved by:

Date (dd/mm/yyyy):

6. Top 7 STEC Programme Information (if US/China listed)

STEC Programme Contact:

Contact Number(s):

E-mail:

STEC Laboratory Name:

Lab Contact:

Contact Number(s):

E-mail:

Version: May 2018
