

QUARTERLY PROGRESS SUMMARY: July – September 2017

Red Meat Profit Partnership

Summary of progress during this quarter

- The RMPP Action Network lead facilitator programme, which is critical to the effective operation of farmer Action Groups, has been rolled out.
- NZFAP which underpins the evidence base for the Red Meat Story value proposition received further positive take up by meat processors with five preparing to implement.

Key highlights and achievements

- The Knowledge Hub was launched on Beef + Lamb New Zealand's website including the first four learning modules.
- Over 105 secondary schools have signed up to use new RMPP funded resources for teachers.
- Over 800 women graduated as part of the 'Understanding Your Farm Business' programme.

Collaboration with other PGP programmes *(optional)*

- Catchups were held with other PGP programmes to review extension practices and learnings.

Upcoming

- RMPP Action Network website will be launched. The Action Group Connector toolkit will be available to partners and Facilitator training programmes are scheduled nationwide in November and December. The RMPP Action Network back office/admin system will be tested and launched.
- Completion of nationwide 'Understanding Your Farming Business' courses.
- Pathways in Farm Business Ownership resources to be released to the public.
