

## Summary of Submissions

---

Bunnings Warehouse New Zealand Section 40 model Food Control Plan

### Consultation

A public consultation on the evaluation of the Bunnings' model took place between 1 October and 12 October 2018.

### Background

Section 40 of the Food Act 2014 enables the Chief Executive of New Zealand Food Safety (NZFS) to approve a template or model Food Control Plan (FCP), developed by a person other than the Chief Executive, by notice under Section 405.

Bunnings submitted a model FCP to NZFS for approval. The Bunnings' plan is modelled on NZFS' Simply Safe & Suitable Template FCP (issued March 2017).

The Bunnings' Plan is tailored specifically for Bunnings' on-site cafés.

Bunnings' cafes fall under a National Programme 3 risk-based measure for handling and retailing food, and National Programme 1 for making and serving hot beverages.

NZFS has evaluated the Bunnings' plan to ensure it meets the requirements of the Food Act 2014 and allows for their on-site cafés to receive, store, and serve safe and suitable food. NZFS recommended that it was suitable for the Chief Executive to approve.

### Summary of Submissions

NZFS received no submissions on the Bunnings' model FCP.

### Next Steps

The Chief Executive of NZFS approves the Bunnings model FCP and issues it by notice under Section 405.
