	1.5. Country of origin: ISO Code*	
	1.6. Country of destination: ISO Code*	
	1.7. Place of origin: Name: Address:	
	1.8. Place of shipment:	1.9. Date of departure:
	1.10. Means of transport: <input type="checkbox"/> Aeroplane <input type="checkbox"/> Ship Identification:	1.11. Expected border post:
	1.12. Description of commodity:	1.13. Commodity Code (ISO Code*):
	1.15. Temperature of commodities for transport: <input type="checkbox"/> Ambient <input type="checkbox"/> Chilled <input type="checkbox"/> Frozen	1.14. Total quantity:
1.17. Identification of container/serial number:	1.16. Total number of packages:	
1.18. Type of packaging:		

1.19. Commodities intended for use as:					
<input type="checkbox"/> Human consumption					
1.20. Identification of commodities:					
Product Description	Species	No. of Packages	Net Weight	Lot ID/Date Code	Name of Approved Processing Facility
					Foods Pacific Ltd.

* Optional

Part 2: Health Information	Country:	Certificate reference number:
	<p>The undersigned Official or Official Veterinarian certifies that [insert product description] described above satisfies the following requirements:</p> <p>Packaging and transport</p> <p>(1) To the best of my knowledge, the product for export is:</p> <ul style="list-style-type: none"> (a) Commercially prepared and packaged in sealed, leak-proof packaging. (b) Stored and subsequently transported in a hygienic manner and kept free of contaminants. (c) Clearly identified and the identifier is stated on the export certificate. (d) Packaged in packaging that is clean, secure, and free of any organic contaminants. (e) Sealed at the time of manufacture in tamper-proof packaging. <p>Third country processing</p> <p>(2) The animal product is eligible for direct export from Australia to New Zealand under an existing New Zealand import health standard, and/or the animal product originates from New Zealand.</p> <p>(3) Copies of the original health certificates for the animal product, which meet all requirements of an existing New Zealand import health standard, and/or copies of the original health certificates issued by New Zealand if the animal product originates from New Zealand, are attached to this certificate. The copies have been endorsed 'certified copy of original' and signed by an Official Veterinarian of Biosecurity Authority of Fiji. Serial numbers of the certificates are: [insert numbers]</p> <p>(4) The animal product was processed at a facility approved and overseen by Biosecurity Authority of Fiji under the Official Biosecurity Programme agreed between Biosecurity Authority of Fiji and MPI. Verification processes are in place to ensure the approved processing facility meets the following:</p> <ul style="list-style-type: none"> (a) The processing facility only processes beef of Australian and New Zealand origin. (b) Quality management systems are in place to ensure that the animal product is processed, packaged, stored and transported in such a way that prevents cross-contamination. (c) Integrity of product separation from all other products not eligible for export to New Zealand is maintained. 	

	<p>(d) Substitution of product is prevented.</p> <p>(e) Traceability of the product from Australia and/or New Zealand] through all processing steps in Fiji until exportation to New Zealand is maintained.</p>
