

Brown Marmorated Stink Bug Treatment Providers List – August 2019

The following table lists the Brown Marmorated Stink Bug (BMSB) Treatment Providers (located in export countries) that the New Zealand Ministry for Primary Industries (MPI) will use for the beginning of the 2019 – 2020 BMSB Risk Season.

This group of MPI-approved Treatment Providers was approved last year (for the 2018-2019 season) by MPI and the Australian Department of Agriculture. This list will be used by MPI until a revised one can be finalised in cooperation with the Australian Department of Agriculture for the 2019-2020 risk season (this is anticipated to be updated later in 2019).

Note 1: Most MPI-approved Treatment Providers are currently in the process of re-applying for recognition as MPI/Department of Agriculture-approved Treatment Providers.

Note 2: The 2019 – 2020 BMSB Risk Season covers risk cargo that departs from BMSB risk countries on or after the 1st of September 2019 and arrives in New Zealand up until the 30th of April 2020.

List of Countries and MPI-Approved Treatment Providers located in Export Countries

Austria
