

MPI Animal Exports Team are aware of issues with these particular Overseas Market Access Requirements (OMARS), however exports may be possible. If you are planning an export with one of these OMARS please contact MPI Animal Exports team to discuss the implications of the requirements as soon as possible.

Overseas Market Access Requirements Notification - Animal Products Act 1999

Regulation and Assurance Branch, Animal and Animal Products Directorate, Ministry for Primary Industries

Ref: AE-PF-13
Date: 14 March 2016

HORANI.PF 18 March 2016– Horses to French Polynesia

1. Statutory authority

Pursuant to section 60, section 60A, section 62(1) and section 167 of the Animal Products Act 1999 I notify the following:

(i) the issue under section 60 of the Overseas Market Access Requirements for horses to French Polynesia, HORANI.PF dated 18 March 2016;

(ii) the revocation and replacement of the Overseas Market Access Requirements for horses to French Polynesia, HORANIEC.PF dated 26 January 2015;

(iii) the determination under section 62(1) of the format and content of the official assurance for horses to French Polynesia.

This notice takes effect from the 18 March 2016.

Dated at Wellington this 15th day of March 2016.

Signed: Howard Pharo
Manager Import and Export Animals
Animal and Animal Products Directorate
Regulation and Assurance Branch
(acting under delegated authority)

2. French Polynesia requirements

Horses exported from New Zealand to French Polynesia must be accompanied by an official assurance in the form of a completed zoosanitary certificate.

The zoosanitary certificate as specified below must be completed and certified, after due enquiry, by an Official Veterinarian of the Ministry for Primary Industries.

Explanatory note:

If the zoosanitary certificate is not certified then the horses do not satisfy the conditions in the notice. Likewise, if the horses do not satisfy the zoosanitary requirements in the certificate, then the certificate will not be certified.

NB: The Official Veterinarian must sign, date and stamp each page of the veterinary certificate using a different colour ink to the paper and the print, and, where applicable, sign, date and stamp each page of the documents (e.g. laboratory reports) that form part of the extended health certification.

Le vétérinaire officiel doit signer, dater et tamponner chaque page du certificat avec une encre de couleur différente que le papier et le texte imprimé, et, le cas échéant, signer, dater et tamponner chaque page des documents qui font partie de la certification (ex: résultats de laboratoire)

I: IDENTIFICATION OF THE ANIMALS / IDENTIFICATION DES ANIMAUX

[illegible]

EXPORT CERTIFICATION

(This is not part of the official certification)

COMMODITY: HORSES

COUNTRY: FRENCH POLYNESIA

NOTES: This export certificate replaces the previous one dated 26 January 2016 and was updated to address minor editorial errors in clause 5.1 and 5.2. The changes made were approved by French Polynesia 5 March 2016.

1. An Import Permit is required and can be obtained from:

Ministère du développement des activités du secteur primaire
Service du Développement Rural
Département de la Qualité Alimentaire et de l'Action Vétérinaire
BP 100
98713 Papeete - TAHITI
Telephone: 00 689 40 42 35 18
Facsimile: 00 689 40 42 35 52
E-mail: sdr.qaav@rural.gov.pf

2. *Official Veterinarian* means a civil veterinarian or a specially appointed veterinarian, as authorised by the New Zealand Ministry for Primary Industries.
3. Where one Zoosanitary Certificate is used for multiple horses an attached schedule may be used, with the wording '*see attached schedule*' entered in the line for the **place of origin**. For the table **I: Identification of the Animals** enter the wording '*see attached schedule*' in the first column of the table, and void the other columns in the table. The total number of horses in the consignment must be listed on the first page of the health certificate rather than on the attached schedule.
4. Where an attached schedule is used, the schedule must contain the unique certificate shoulder number. Where supporting documents are required, the supporting document must also have a shoulder number applied.
5. Where animals in a consignment have a different residency status (different option in clause 1.1 used) this can be included in the schedule by identifying the clause option that applies to each horse for each type of residency i.e. *a* or *b*. Where subclause *b* is applicable please list the approved country of residence in the corresponding column. Where the schedule identifies the relevant clause for each horse, no clause in the body of the export certificate needs to be deleted.

Section 61A Animal Products Act 1999 states that 'The Crown is not liable, and nor is the Director-General or any employee of the Ministry liable, for any loss arising through the refusal or failure of the relevant authority of an overseas market to admit export animal material or animal product to that market'.
