

## Application Form AP61 Further Petfood Processors Listing

### Before you start, let's check that you have everything you need:

- You are filling out this form because you are a person who carries out secondary processing of animal material or animal product intended for cats or dogs where:
  - (a) the animal material or animal product results from the death of the source animal; and
  - (b) the processing does not require rendering or blood-drying; and
  - (c) an official assurance is not required; and
  - (d) the acquired animal material or animal product has been rendered or it has been subject to primary processing by an earlier processor in accordance with a registered RMP or RBM.
- If your business is a registered limited liability company, you need a copy of the company registration certificate and your New Zealand Business Number (NZBN). See [www.companies.govt.nz](http://www.companies.govt.nz)
- The application fee according to the payment section of this form.  
Note: all fees on this form are inclusive of GST.

### Read these notes before you start filling out the form:

- Listing of further petfood processors with the Ministry for Primary Industries is required under the Animal Products Regulations 2021. The further petfood processing operation covers the processing of petfood that is **raw meat or other animal material or animal product that results from the death of the source animal** (e.g. red meat, offal, poultry or fish).
- A hand icon is used when you need to make a decision. The question will help you decide whether you need to complete a particular section.
- Throughout this form you will need to tick boxes that look like this: . A checked box indicates a 'yes' answer.
- Send the completed application form together with the fee and any other documentation required (see below) to MPI at the above address. We prefer email files. Processing time is up to 20 working days from the time we determine that your application is complete.
- If there are any changes to the details provided in this application after the application has been submitted, you must promptly inform MPI of the changes in writing.
