Dairy Products: Accompanying Documentation

CTO direction to biosecurity inspectors for the clearance of *dairy products from all countries*.

Pursuant to section 27(1)(d)(iii) of the Biosecurity Act 1993 I, Vicki Melville, Manager Animal Imports, Ministry for Primary Industries (under delegated authority), give the following directions for dairy products from all countries to be given clearance in accordance with the following measures, different from those in the applicable import health standards: Dairy Products and Products Containing Dairy Ingredients from Specified Countries (DAIEDIIC.SPE) and Milk and Milk Products for Human Consumption from the European Union and Switzerland (DAIEDIIC.EEC):

Copies of original zoological certificate and manufacturer's declaration are acceptable as long as the consignment details match those in the documents provided.

The reason for directing clearance is that the biosecurity risks associated with this CTO direction have been assessed and are managed effectively.

This direction takes effect from the date of signing and continues in effect until amended or revoked.
