for Food Waste Supply and Collection

Part A: For the Food Waste Supplier

If you supply food waste that contains meat or has been in contact with meat for feeding to pigs the [Biosecurity \(Meat and Food Waste for Pigs\) Regulations 2005](#) apply to you. Clause 6 of the regulations requires you to either supply food waste treated according to the rules, or you have reasonable grounds to believe that the collector will treat it according to the rules before feeding to pigs. Though not a regulatory requirement, this [undertaking](#), when completed, will demonstrate your compliance with these regulations.
